

**RALEIGH<sup>®</sup>  
BICYCLES**

The  
Performance  
Advantage

## The Raleigh Story

 For over 100 years in 140 countries people have chosen Raleigh. For more than half a century Raleigh has held the distinguished title of the world's number one bicycle brand.

Raleigh went to the 1984 Olympics and brought gold home to the United States. This year we moved west to the Seattle area to handcraft bicycles in America.

Through the years innovation, state-of-the-art design, and the highest quality materials have been part of the Raleigh tradition.

We make bikes the right way. Each one is manufactured according to specifications developed and

monitored by Raleigh engineering and quality control experts.

We're especially proud of our bicycles because they've stayed in the forefront of lightweight frame technology.

At Raleigh we believe the frame is the heart of the bicycle – the key element that pumps life into each and every one of our bikes. Raleigh engineers know that many factors, like state-of-the-art geometry, must be properly combined to create a truly great frame set.

Contrary to popular belief, success is neither weighed by the pound nor judged on a single feature. It's

an overall balance of weight, function, durability, looks, stiffness, and performance.

Our bicycles are built by professionals who know bicycles like no other people in the world. And every Raleigh bicycle is backed by our multi-million dollar commitment to American bicycle racing and product development.

These are investments that have paid off with the breakthrough use of aerospace technology, a tradition of excellence, and a new generation of the best bicycles on the worldwide market today.

## Raleigh® Lightweight Racing Bicycles

 Raleigh has a unique advantage. The first people who test ride our racing bikes are members of the U.S. Cycling Team. They are a tough group to please. But their demands are similar to yours.

You want Reynolds 531? Here it is. Looking for the finest components from all over the world? You got 'em! Race-proven geometry? Look no further than our Raleigh 1986 racing line.

Our product manager won the National Canadian Cycling Championship eleven times. He worked on developing and testing our racing line, steering us away from gadgets and gimmicks that limit your bicycling performance.

Our product administrator, one of those picky California racers, insisted on – and got – the best equipment no matter where it came from. Our design team created bikes that look as sleek and fast as they ride.

Fast and durable, a favorite choice of competitors in the grueling Race Across America as well as club teams across the country.

## PRESTIGE

Full Reynolds 531 performance, ready to race.

Cinelli bars and stem: the strength right in your hands.

You can take on the Paris-Roubaix with Mavic MA-40 rims.

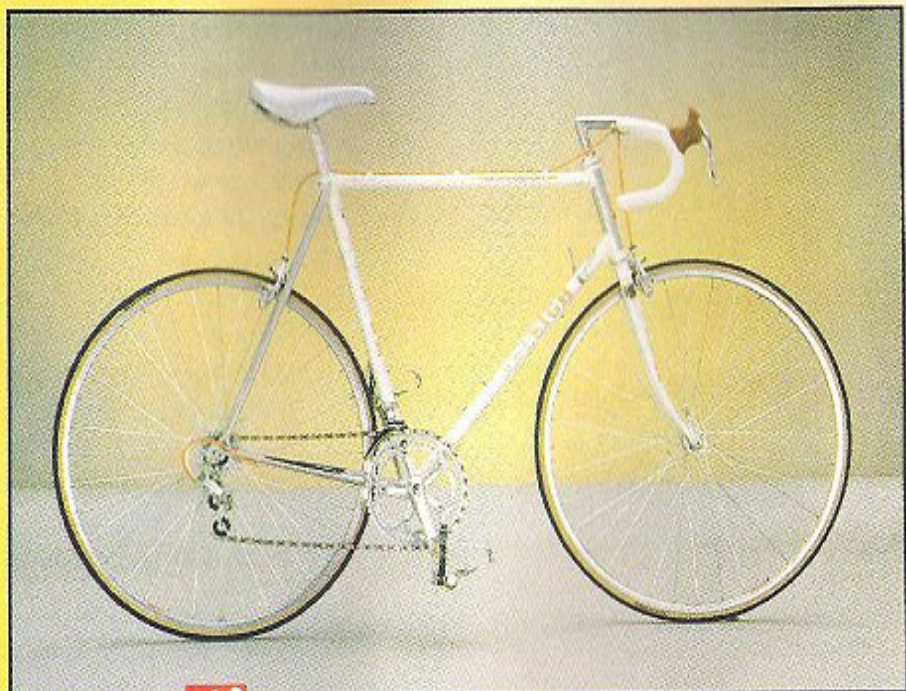

Suntour Superbe Pro components give you the advantage in any situation.

Full braze-on complements. Handcrafted in England.

Sizes: 51, 54, 56, 58, 60, 63 cm.

Colors: Crimson with Burgundy trim.

## COMPETITION

Shimano 600 EX components for that "no-fail" performance - now smoother and faster than before.

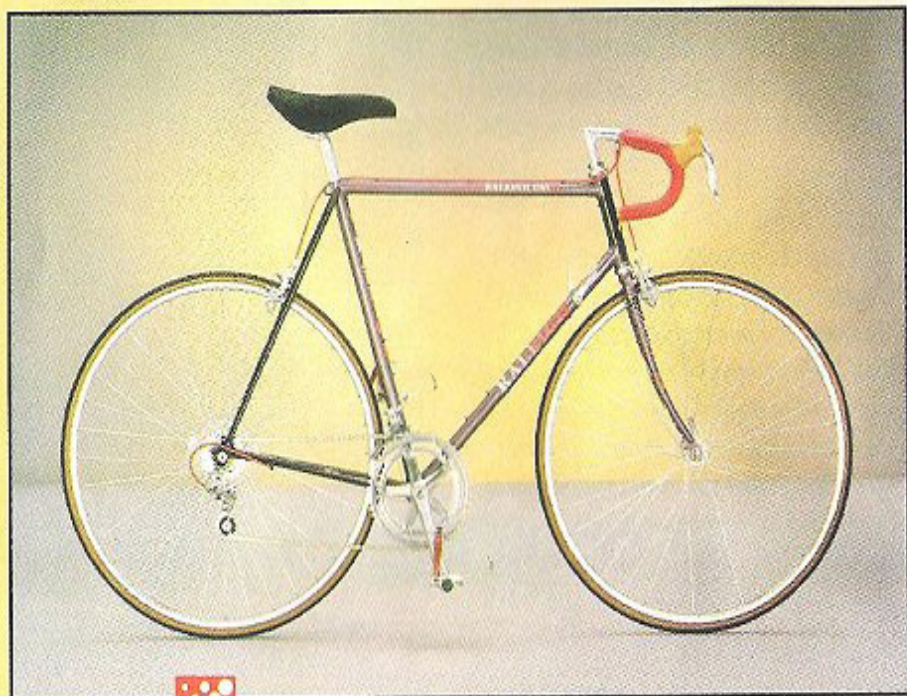

Reynolds 531 tubing with Tange fork for expert handling.

Dia-Compe NGC 400 brakes.

Sizes: 51, 54, 56, 58, 60, 63 cm.

Colors: Pearl White with Pearl Gray trim.

Winning triathlons worldwide, proving that the good guys always wear white . . . or iris and boysenberry.

## SUPERCOURSE

Featuring Suntour Cyclone derailleurs to stir up your competition.

Dia-Compe aero RT400 brakes to stop . . . if you want to.

Ukai 20A rims tame even the toughest roads.

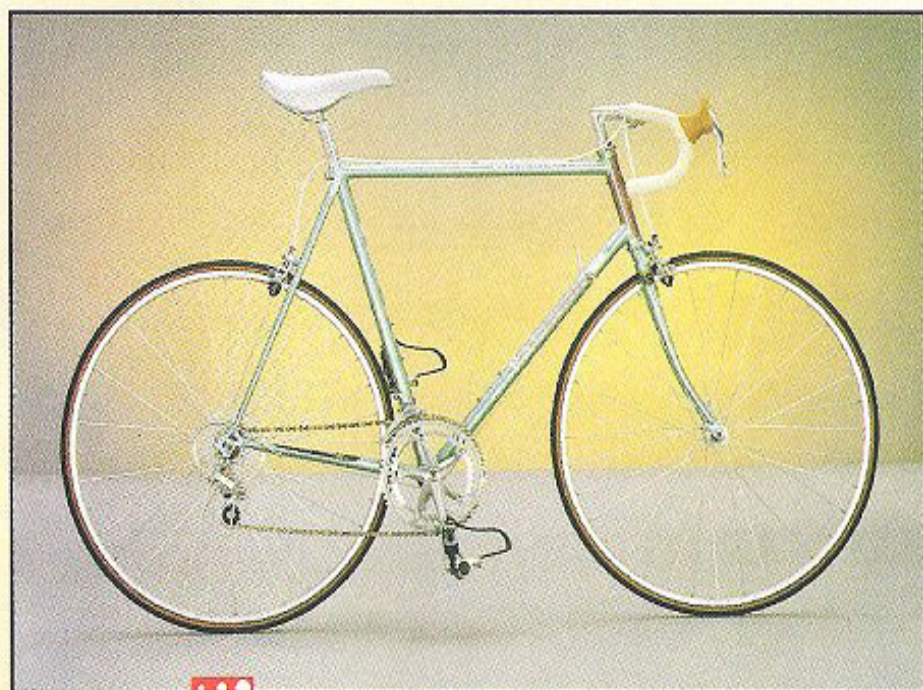

Selle royal leather racing saddle for comfort from start to finish.

Sizes: 51, 54, 56, 58, 60, 63 cm.

Colors: Iris with Boysenberry trim.

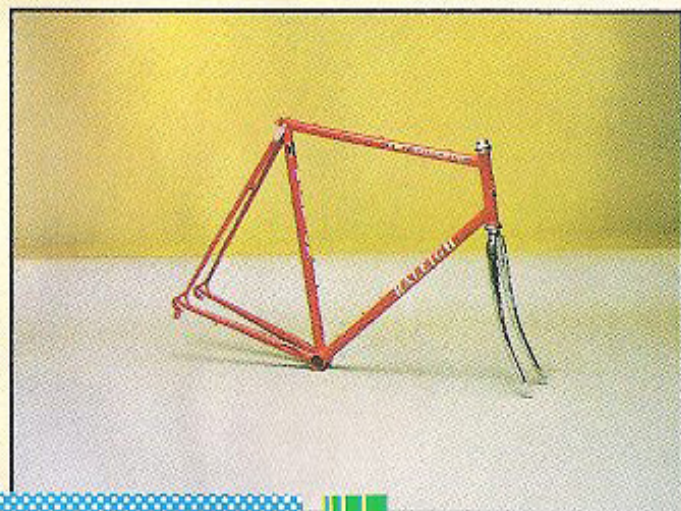

If entry level racing is your vice, the Raleigh Grand Prix is a steal.

## GRAND PRIX

The Raleigh® 531 frameset is unequalled in performance and value for any cyclist.

Both frames sets are available in Raleigh® team colors and standard Raleigh® sizes.

531

## FRAMESET

Have it your way. Build your own racing bike, starting with a Reynolds 753 or a Reynolds 531 frame set.

You can feel the power with the Reynolds 531 tubing.

Conquer triathlons with the super reliable Shimano 105 derailleurs and Dia-Compe aero brakes.

No need to sacrifice with a full complement of braze-ons and padded tape.

Spectators and your teammates will spot the sharp Raleigh colors and graphics.

Sizes: 51, 54, 56, 58, 60, 63 cm.

Colors: Seamist with Zephyr trim.

## 753 FRAMESET

The Raleigh® 753 is the exclusive "Services des Courses" model utilizing the finest tubing available. Available in limited quantities.

## Raleigh Light-weight Touring

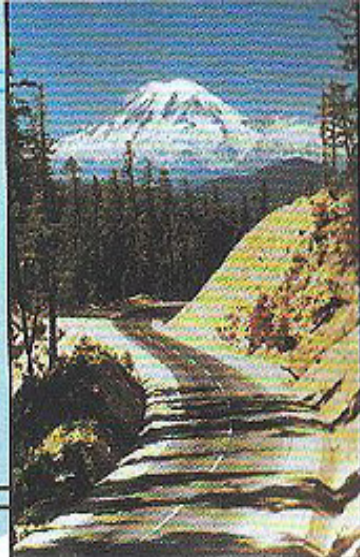

**■** We know that no one is more serious about riding than a touring cyclist. Whether in granny gear cranking up a mountain or leaning into a fast turn on the way down, Raleigh provides the performance you need to enjoy the ride and the scenery.

No matter which Raleigh touring bike you ride, you will always have crisp handling and total control. Our longer wheel bases were designed for one purpose: comfortable, long-distance riding. We also offer a full complement of braze-ons for your add-on needs.

How comfortable is our touring line? People who have crossed America on them have given us resounding approval.

Since moving to Seattle, we have had many riders from all over the United States pull up to our front door on Ayleskas, Portages, and Kodiaks to have a look at our plant and to compliment us on our fine products.

Time after time we've heard satisfied riders say, "We didn't have any problems." All

The Portage features the new SR AXC crankset to give the strength you need in every situation.

Any road becomes smooth with the Raleigh 650B tires and rims, featuring our exclusive unidirectional tread.

This 100% sealed bicycle features the ultra-reliable Shimano XT equipment.

Blackburn racks are, of course, included.

Sizes: 19", 21", 23", 25"

Colors: Sage with Quicksilver trim.

## PORTAGE

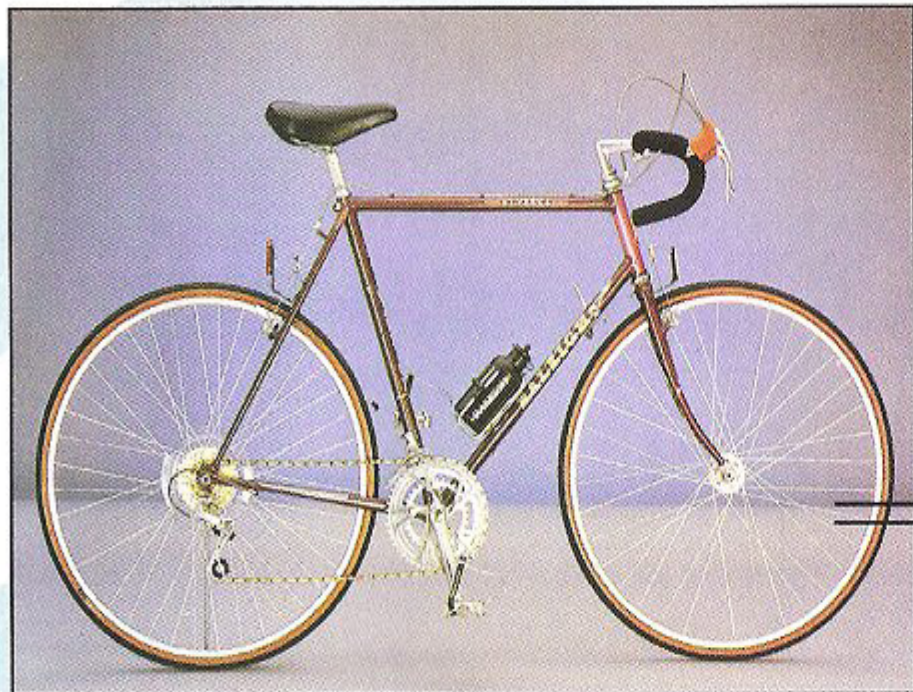

were having great times reaching their goals and reaffirming ours of providing touring cyclists with comfortable, reliable, energy-efficient rides.

For a short jaunt through Nepal, or crisscrossing the U.S.A., the Portage is built to take dedicated touring cyclists on journeys others are reluctant to try.

## ALYESKA

The no-nonsense Dia-Compe 960 cantilever provides accurate stopping and control.

Forty-hole rear wheel for support and strength.

Eighteen-speed gearing, with SR triple crankset, makes all roads a breeze.

The beautiful finish on the Alyeska is protected by a high-gloss clear coat.

Sizes: 19", 21", 23", 25".

Colors: Bordeaux with Rose trim.

---

**Can a Touring Bike be a beauty and a beast? Of course, the Alyeska is rugged proof.**

## KODIAK

---

The Kodiak, with sealed hubs and bottom bracket, is the perfect all-weather bike.

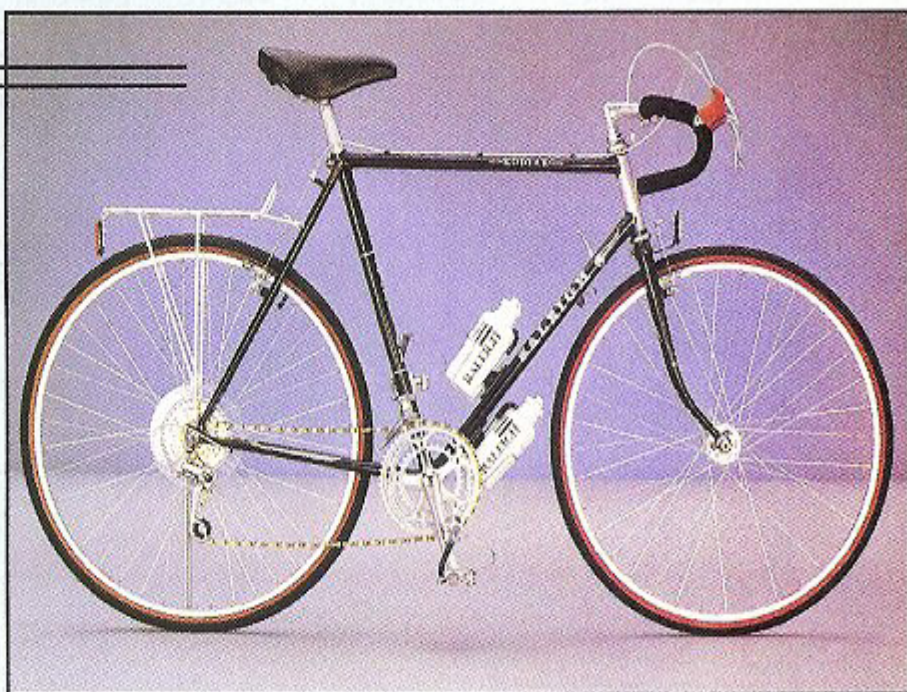

If the roads aren't quite right, the Raleigh® 27 x 1-3/8 unidirectional tires will keep you on track.

The Kodiak features the new Shimano Light Action 525GS rear derailleur.

If you want to add a rack, it's no problem. The Kodiak has front low-rider braze-ons along with a rear Blackburn rack.

Sizes: 19", 21", 23", 25".

Colors: Deep blue with Quicksilver trim.

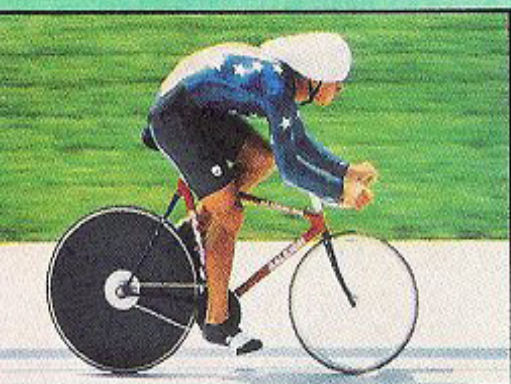

**Don't leave gear behind. This traditional touring bike can handle extra pounds with minimum bicycling effort.**

# **RALEIGH TECHNIMUM® U.S.A.**

**★ Raleigh struck gold in 1983 by becoming the official bicycle supplier to the U.S. Cycling Team. Back then, we made the commitment to develop the world's most advanced racing bicycles for the U.S. Olympic Team.**

**While researching and testing ways to make the fastest, lightest bikes ever, Raleigh made a major breakthrough in bicycle construction. Combining space age technology and new manufacturing techniques, we developed the process of thermally bonding dissimilar materials. With this process we built bicycles that the U.S. Cycling Team rode to victory after victory. The press called them "funny bikes" and an "unfair advantage." We named them Technium.®**

**When the 1984 Olympic torch was retired, Technium® bicycles had helped in winning five medals for the United States – the first bronze since 1912 and the first silvers and golds ever.**

**Now, Raleigh is proud to introduce its new Technium® sport touring series available only through Raleigh bicycle dealers. The technology used on each \$40,000 Olympic bicycle is yours today for under \$400.**

**Technium® sport touring bicycles are up to two and a half pounds lighter than other comparably priced bicycles available in the world today. Heat treated, high strength aluminum, joined to chrome-moly steel**

**provides smooth riding comfort as well as strength. Extensive, dynamic fatigue tests have indicated that Technium® bicycles rise above the industry standard for strength and durability.**

**Each Technium® bicycle is finished with an almost indestructible polyurethane paint and protective clear coat. Because Raleigh uses an advanced painting process unique to the bicycle industry, the Technium® finish is more durable and has a longer gloss retention period than the most expensive bicycles sold today.**

**Our Technium bicycles were born in the U.S.A. and are proudly manufactured in Raleigh's new high-tech manufacturing facility located near Seattle, Washington. Technium is a registered trademark. Technium bicycles are protected by pending patents.**

Faster, tighter geometry, world class looks. Your search for the ultimate riding experience is over.

## 480 U.S.A.

★ The 480 features Suntour LePree alloy derailleurs, Raleigh high-performance rims, stainless steel spokes and adjustable forged drop-outs.

★ The 480 includes IRC high pressure skinwall tires, SR 100 forged alloy crank set and SR 250 alloy pedals with toe clips and leather straps.

★ Double water bottle fixtures are standard on this pearlized-finished bicycle.

Sizes: 19", 21", 23", 25".

★ Colors: Pearl White with Aqua Metallic trim.

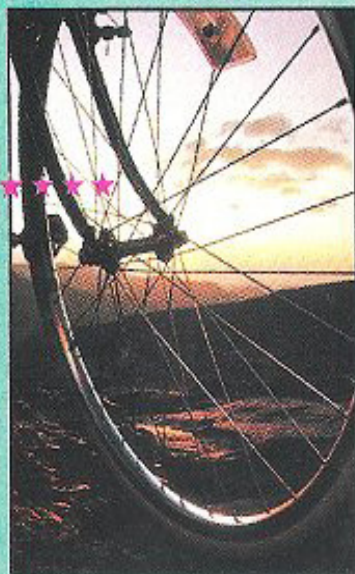

Even if you can take the heat, watch out! The Technium® 460 sizzles while giving you the riding versatility you demand.

ADVANCED COMPOSITE TECHNOLOGY U.S.A.

## 460 U.S.A.

★ You can feel the performance of the Technium® frame with the SR SAC 310 crankset with alloy chainrings.

★ The new Suntour SVX and LePree down tube shifters are featured.

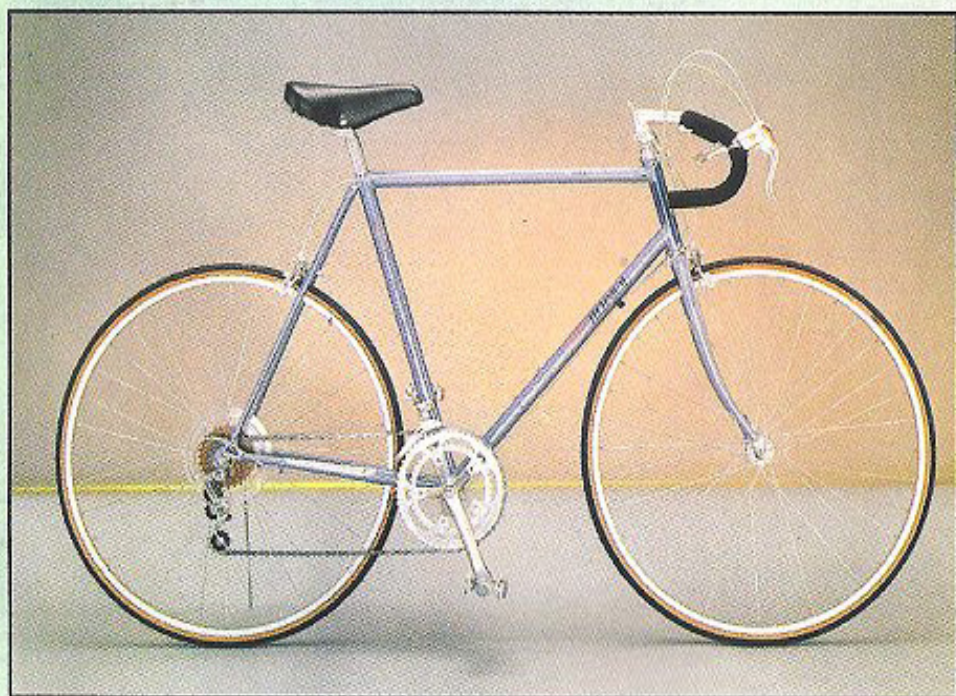

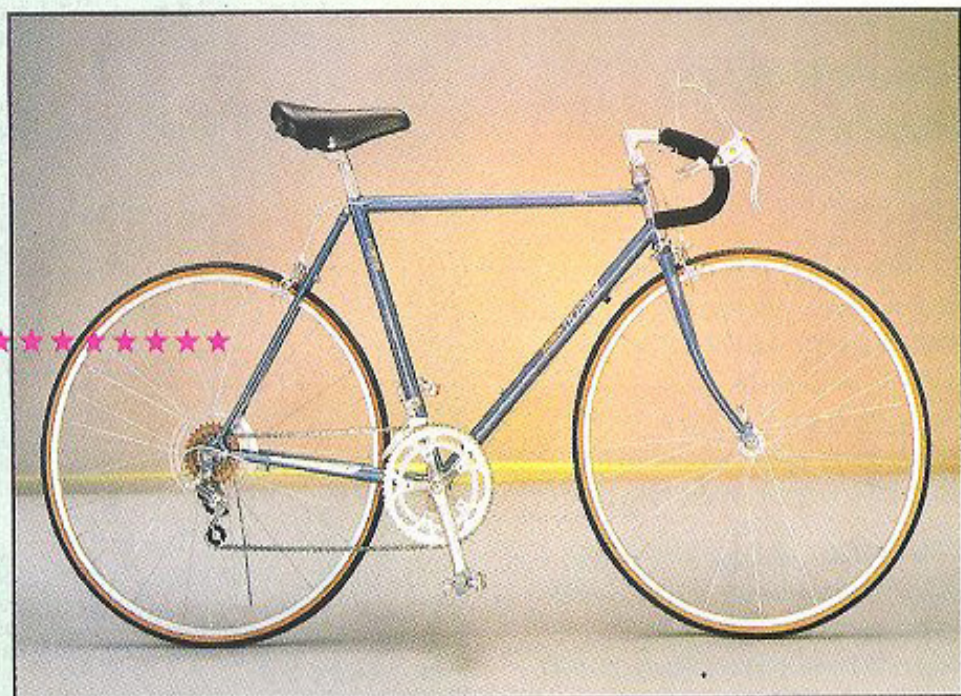

★ The convenient Weinmann 570 brakes with removable extension levers make braking a sure thing.

★ Sizes: 19", 21", 23", 25".

★ Colors: Silver Metallic with Dark Violet Metallic trim.

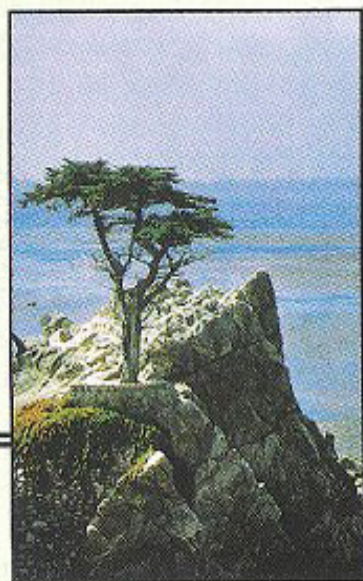

**A high performance,  
lightweight bicycle  
priced for the  
cost-conscious  
cyclist.**

## 440 U.S.A.

 The Technium<sup>®</sup> 440 features a strong, heat-treated aluminum frame that is thermally bonded.

 The SR CRH-310 sealed hubs, with Araya SP30 rims, make this Technium<sup>®</sup> ultra-smooth.

 Investment-cast fastback stay design is used for rigidity, strength, and clean appearance.

 Super reliable Suntour AR complement the Technium<sup>®</sup> 440.

 Sizes: 19", 21", 23", 25".

 Colors: Blue Metallic with Aqua trim and Aqua Metallic with Quicksilver trim.

## Raleigh Sport Touring

 Your leisure time is valuable. When you are ready to ride you want reliable equipment – the best you can get, tailored to suit your needs.

We offer a full line of sport touring bicycles that will help make your free time the best it can be.

All have gearing to give you a workout when you want it or an easy ride for Sunday jaunts.

Our engineers are serious about making bicycling fun. They designed our sport touring bikes for looks, smooth handling, and comfort adding extras like dual position brake levers that are always handy whether you're up or down on the handlebars.

Our sport touring bikes are also built for speed when you want it. Many have features found on our top-of-the-line racing bicycles like Dia-Compe brakes, alloy wheels, braze-ons, and sealed bearing hubs and bottom brackets.

Mixte 

Men's 

The Olympian's™ sharp graphics are complimented with the sharp performance of the Shimano Light Action 523 derailleur and double-butted chrome-moly frame.

The SR SAC 310 forged cranks are complimented with an alloy chainring.

The Olympian™ is also available in a mixte version in two sizes.

Men's sizes: 19", 21", 23", 25".

Mixte sizes: 19", 21"

Colors: Sugar Plum with White trim.

Even we didn't think we could improve this all-time favorite. The Olympian™ is better than ever with improved specs and updated design.

## *m a r a t h o n*

Men's

Bathe yourself in warm summer breezes or feel the crisp tingle of fall on your skin. Our Marathon will make riding a year-round indulgence.

The exceptional Raleigh double-butted chrome-moly frame makes the Marathon a bike that can easily handle a marathon.

Dia-Compe brakes are a sure thing for good control.

Shimano derailleurs and shifters let you know that you have a good gear.

The Araya SP30 alloy rims are also featured on the Marathon.

Men's sizes: 19", 21", 23", 25", 27".

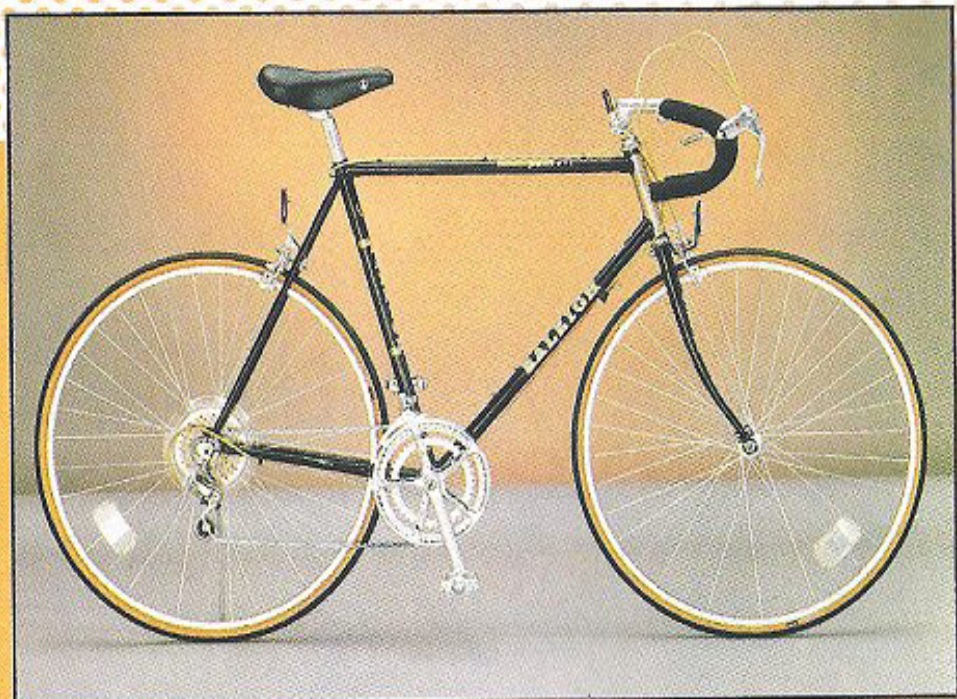

Mixte sizes: 19", 21".

Colors: Teal Blue with Quicksilver trim.

Mixte

Men's

*pursuit*

Ladies'

**This bicycle guarantees your right to a superior product and the pursuit of riding pleasure.**

The Pursuit is available in two colors to suit any personality.

The Raleigh chrome-moly frame makes the Pursuit an excellent value.

The 19" ladies' Pursuit comes with upright touring bars for comfort.

The Shimano Z series derailleurs and shifters make the Pursuit a sharp performance package.

Men's sizes: 19", 21", 23", 25".

Ladies' sizes: 19", 21"

Colors: Crimson with Platinum trim and Gloss Black with Platinum trim.

Weinmann alloy rims and front quick release sealed hub are standard on the Record.

The SR CTC 612 alloy crankset offers lightweight rigidity.

Features anatomical saddle, water bottle braze-ons, chainhanger and an alloy stem.

Men's  Men's sizes: 19", 21", 23", 25".  
Ladies' sizes: 19", 21".

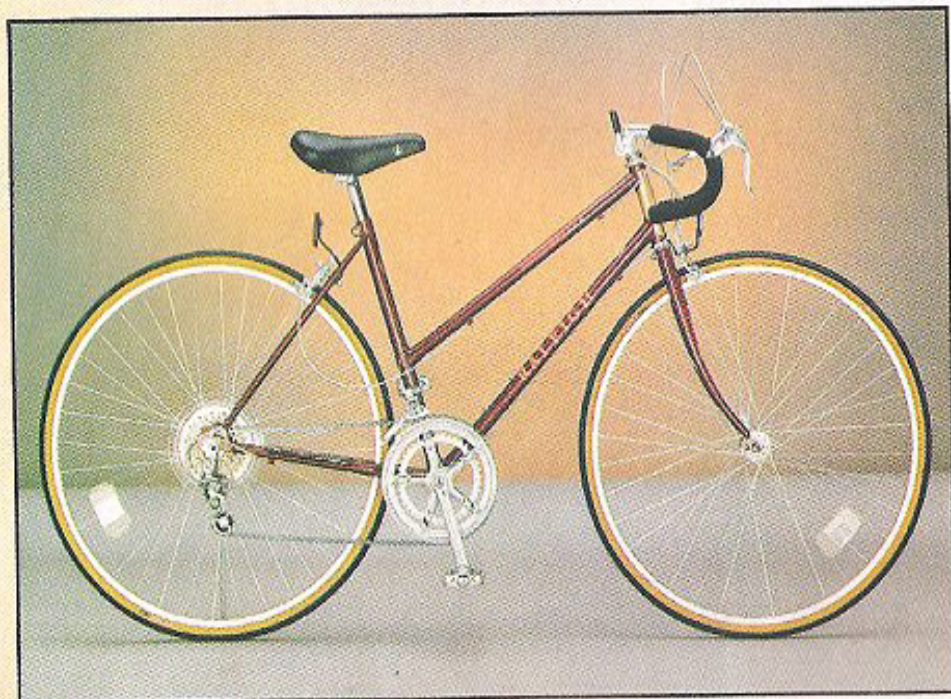

Colors: Burgundy with Platinum trim.

**Raleigh doesn't break tradition, it improves it.**

*r e c o r d*

 Ladies's

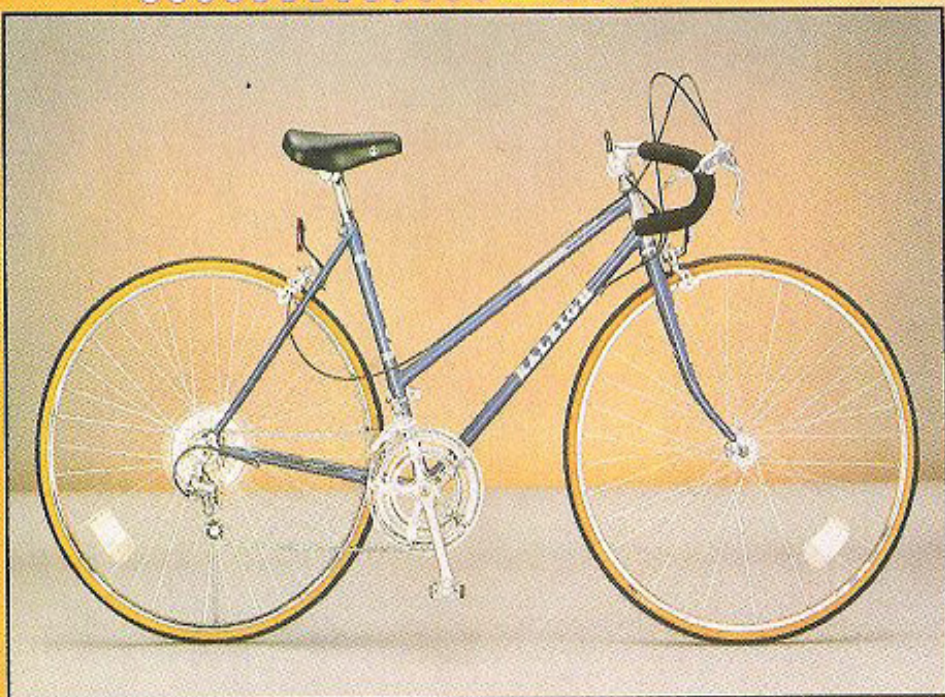

## sportif

An uncomplicated ten-speed that offers great features for good value.

The Sportif features the high-quality Raleigh frame with high quality components such as Suntour Hero derailleurs.

High quality Daido Japanese chain with an SR Cotterless crank for efficient power transmission.

There is no substitute for the real thing, Dia-Compe 630N brakes.

Suntour stem-mounted shifters are right at your fingertips.

Men's sizes: 19", 21", 23", 25".

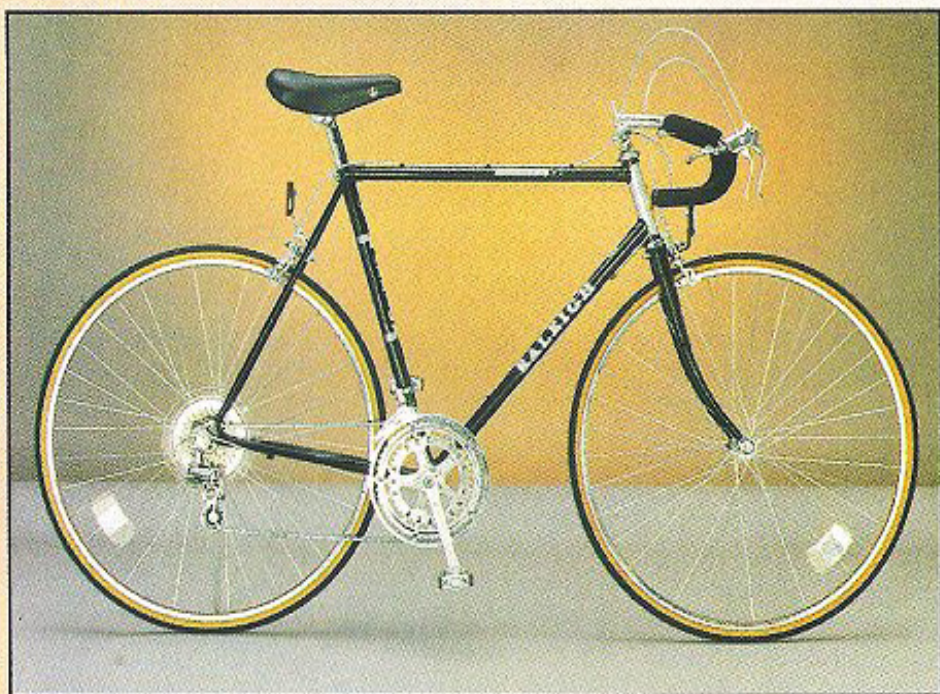

Ladies' size: 19"

Colors: Blue Mist with Quicksilver trim.

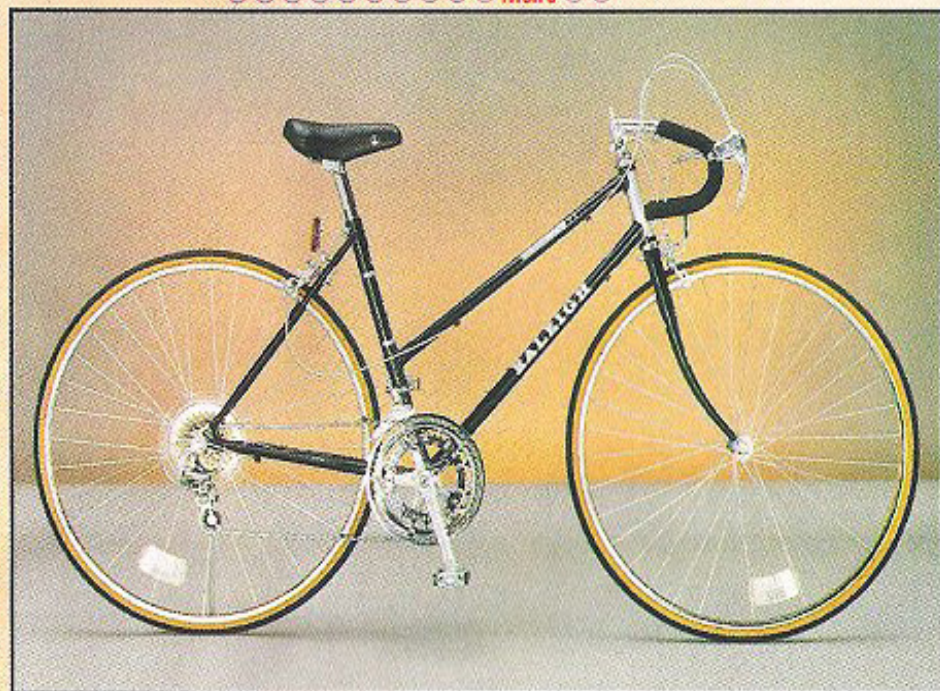

## capri

A reliable performer  
for a remarkably low  
price.

Men's

Ladies

The Capri features the high quality Raleigh frame that sports two-tone paint.

Alloy cotterless cranks keep you out in front.

The Capri will look great for a long time with its protective clear coat.

The Capri stays ahead of the rest with an alloy stem and braze-ons that include water bottle and cable guides.

The Suntour Hero derailleurs shift even better with our nylon under / bottom, bracket cable guides.

One of the best features about the Capri is the price. Ask your Raleigh dealer.

Men's sizes: 19", 21", 23", 25"

Ladies' size: 17"

Also available in 24" wheel models.

Colors: Black Metallic with Quicksilver trim and Rose (ladies' only).

## RALEIGH MOUNTAIN TOUR™ BICYCLES

So you like deer runs rather than jogging trails, back alleys instead of bike lanes. That's rough terrain. You'd better have the right stuff beneath you.

Take your pick. Raleigh's got five machines that will help you ride through vistas you've never seen before on a bike.

All Raleigh Mountain Tour™ bikes have extra long frames to give you a stable ride, especially on those bumpy downhill slopes.

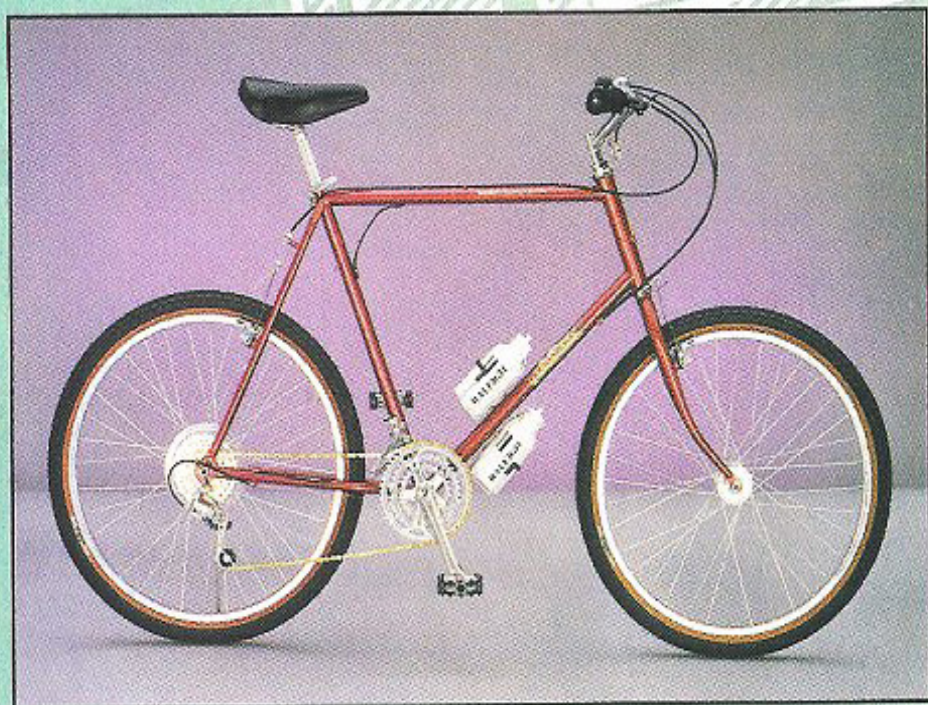

Extended frame angles and a longer fork rake also increase stability, without compromising quick handling.

Get on a Crested Butte and make mole hills out of matterhorns.

Raleigh mountain bikes have forged vertical drop outs. You don't have to worry about torquing the rear wheel off.

An adjustable seat post lets you change the seat height quickly, so you can raise it on an incline or lower it for downhill.

## CRESTED BUTTE

The 100% sealed bearing Crested Butte features the ultra-tough Shimano XT components combined with the new SR AXC sealed triple crankset.

Never lose your footing with the Suntour XCII pedals.

The TIG welded Raleigh mountain bars keep your weight right where you need it for real mountain riding.

The Araya RM-25 rims with stainless spokes and SR precision sealed hubs will outlast most of the terrain you take them on.

Sizes: 19", 21", 23".

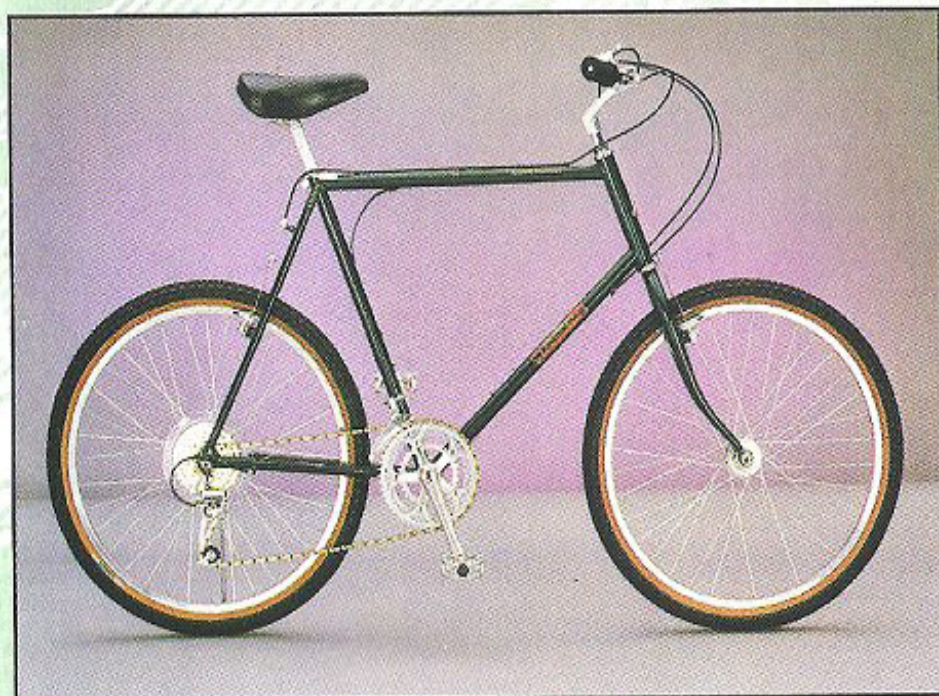

Color: Cinnamon.

## ELKHORN

For people who think Mt. Everest isn't high enough and the Alaskan/Canadian Highway is too short.

Whether on flat or steep terrain, the SR adjustable handlebar can make it.

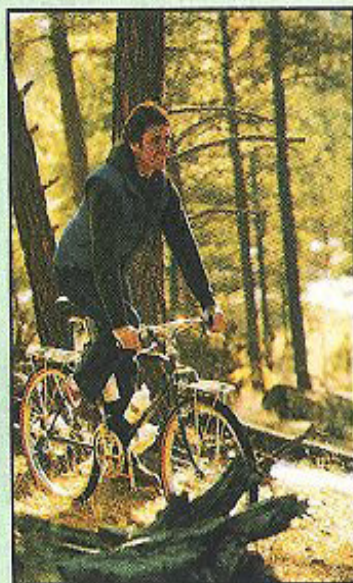

The Suntour XC rear and XC sport front derailleurs and shifters make even critical shifts possible.

The SR FXC sealed triple crankset and Shimano AT50 cantilevers are a solid addition to the dependable Elkhorn.

The fork features the hot unicrown design with chrome-moly blades and forged dropouts.

Sizes: 19", 21", 23".

Color: Forest Green.

The mountain aficionado's machine that helps to level steep, back country riding.

## SENECA

Triple-buttressed chrome-moly frame and unicrown fork make the Seneca a tough bike to beat.

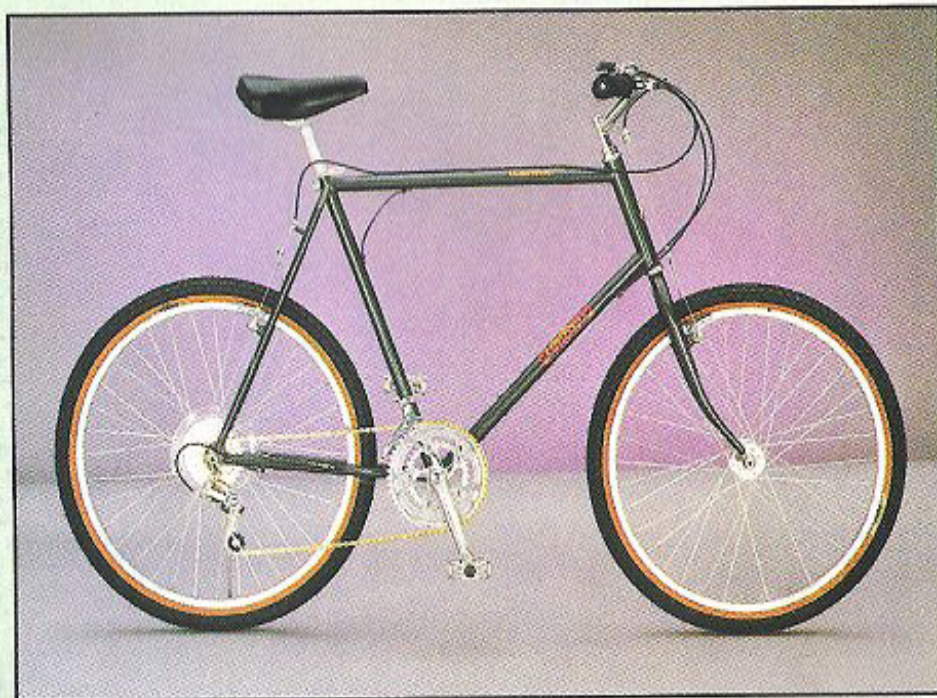

Available in 17", complete with adjustable bars and Rocky III stem to fit a wide variety of riders.

You won't get left in the dust with the tough Shimano Z series derailleurs and EM50 shifters.

Of course the Seneca has 18 speeds with a triple SR CRC T301 crankset.

Sizes: 17", 19", 21", 23".

Color: Gunmetal Grey.

## TETON

Want a bike to fit any terrain? Then the Teton is your choice.

You can hit the water and the mud with the Teton thanks to sealed hubs and bottom brackets.

The Teton features components from around the world with the Huret Rider derailleurs and Maillard-sealed hubs.

Feel secure with the Dia-Compe 981 cantilever brakes and Raleigh's exclusive unidirectional multi-pressure 26 x 2.125 tires.

Sizes: 19", 21", 23". Color: Sierra Red.

## TETON 24"

The Teton 24 features reliable stopping and easy adjustment for the smaller rider.

Every Teton is complete with an SR Alloy cotterless crankset.

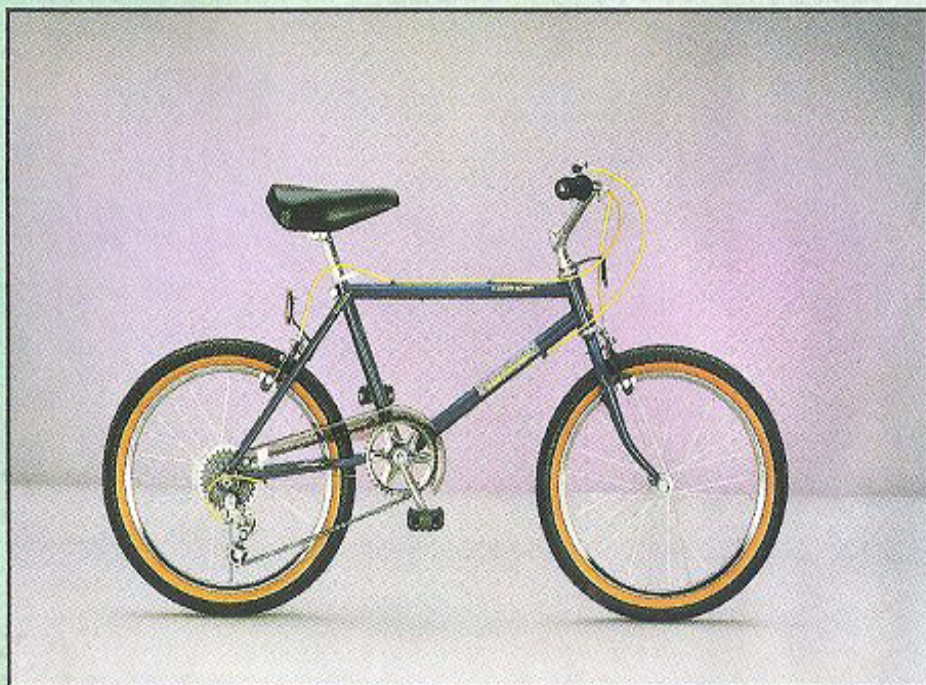

The Teton 24 is designed to take the toughest punishment and survive with help from the 24 x 2.125 Raleigh uni-directional tires.

Size: 17". Color: Gloss black.

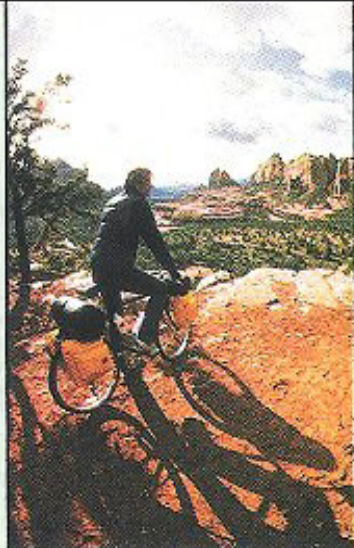

## ROWDY

Now you can share the mountains with your child. The rugged Rowdy will keep your mini-mountain climber at your side.

▶▶ Men's ▶▶

## GRAND MESA

**This mountain-style bike has street smarts and is at home on or off the road.**

▲  
Mixte  
▲

The Grand Mesa offers the great combination of street and off-road riding.

The adjustable handlebars will suit any riding style.

The Grand Mesa shifts efficiently and conveniently with the Suntour Hero derailleurs and thumb shifters.

Commuting is made comfortable with the Raleigh 650B tires and rims with sealed hubs.

The 17" mixte frame is available in a beautiful Bordeaux.

The durable alloy sidepull brakes are a breeze to adjust and maintain, perfect for the around-town cycling.

Men's sizes: 19", 22".

Ladies size: 17".

Colors: Spruce Blue (men's) and Bordeaux (ladies').

A L E I G H

## Raleigh Easy Ridin' Bicycles

**Easy Ridin'™** bicycles were designed to fill a void in today's choice of top quality bicycles. Practical and fun, easy riding bikes have the same ride and comfort standards built into Raleigh's most expensive bicycles, but they are priced to make Easy Ridin'™ easy to afford.

These Raleigh cruisers have wider, softer saddles than conventional models. The longer, easy-to-reach handlebars let you sit upright, take in the scenery and enjoy your ride.

### MEN'S 6 SPEED

The Easy Ridin'™ 6 is beach smart in 5 cool colors.

Cruise around town comfortably with the Raleigh "Boogie Bars™" and thumb shifters.

Don't get caught with stripped threads. The Easy Ridin'™ 6 has an alloy seat clamp and 4-bolt stem.

Have no fear by the beach with alloy rims and stainless steel spokes.

Ride in comfort with the cool "Tush Cush™" saddle.

Men's sizes: 21", 23".

Ladies' sizes: 19" (in Amethyst and White only).

Colors: Yonder Blue, Seafoam, Gloss Black, Artic White, Amethyst.

### WOMEN'S 6 SPEED

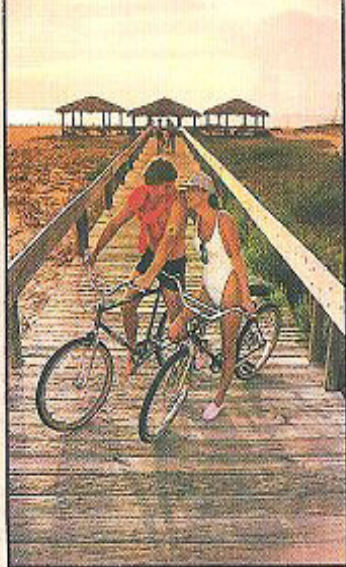

From essential beach gear to effortless downtown transportation, our Easy Ridin'™ bikes will get you there the easy way.

SEAFOAM

Shoes or no shoes, you are cool on the Raleigh's exclusive "Bare Footin'®" pedals.

26 x 2.125 tires make the Easy Ridin™ 1 a smooth cruiser.

Road shock is absorbed by fat tires that are easy to maneuver in and around obstacles. Best of all, you can take them anywhere without worrying about maintenance. Easy riding bikes are worry free with sure-footed agility and performance you can count on.

If you're looking for an affordable alternative to traditional sport touring, try one of our seven models. Many come with Boogie Bars™, Tush Cush™ saddles, Barefootin'® pedals, mud guards, and mountain-style brake levers.

Men's  
Single Speed

Strong, dependable diamond frame with oversized tubing for lifetime satisfaction. Taking a little extra water, or whatever, with you is no problem with our water bottle braze-ons.

Color: Candy Apple Blue  
Men's Sizes: 21", 23"; Ladies: 19".

## WOMEN'S SINGLE SPEED

## NEWPORT

The traditional cantilever frame is combined with sharp graphics, and whitewall 26 x 2.125 tires to be stylin' on the streets.

Convenience at your fingertips with dual caliper brakes and thumb shifter.

Sure shifting from the Suntour derailleur and Suntour 5-speed freewheel.

Men's size: 19". Color: Black.

The sharp blue cantilever frame is complemented by sporty graphics and whitewall tires.

Foam padded handlebars for long ride comfort.

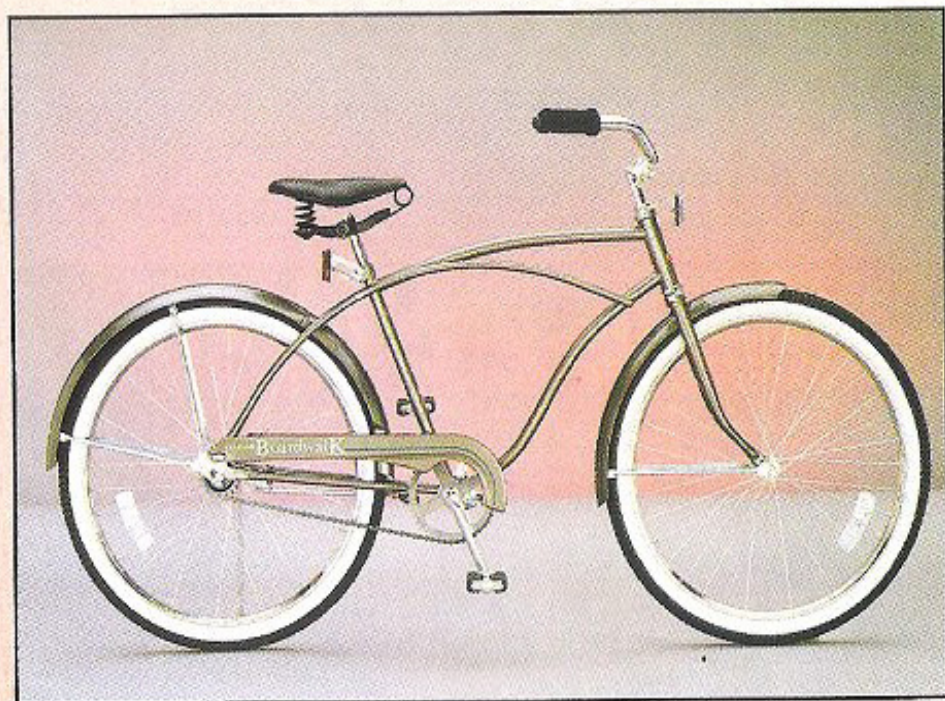

Reduce your cruising worries with the reliable coaster brake.

Men's size: 19". Color: Royal Blue.

## NEWPORT 5

## BOARDWALK

Cruise in elegant style with the Boardwalk.

Full matching mudguards and chainguard.

Longhorn style handlebars and Tange headset with cantilever frame for easy riding.

Built-in kickstand.

Men's size: 19". Color: Steel Gray.

## PARKPLACE

The ultimate traditional ladies' bicycle.

Spring loaded saddle and 2 x 2.125 whitewall tires reduce road vibrations.

Full matching mud and chain guards for safety and clothing protection.

Built-in kickstand.

Ladies' size: 19". Color: Spruce Blue.

**MEN'S 3 SPEED**

# **SPORT**

Traditional English-style fork.

Soft spring-loaded saddle for comfortable riding.

Matching mudguards and chainguard look great even on sunny days.

Reliable 3-speed gearing with front and rear caliper brakes.

Coaster brake available on the 17" ladies' model.

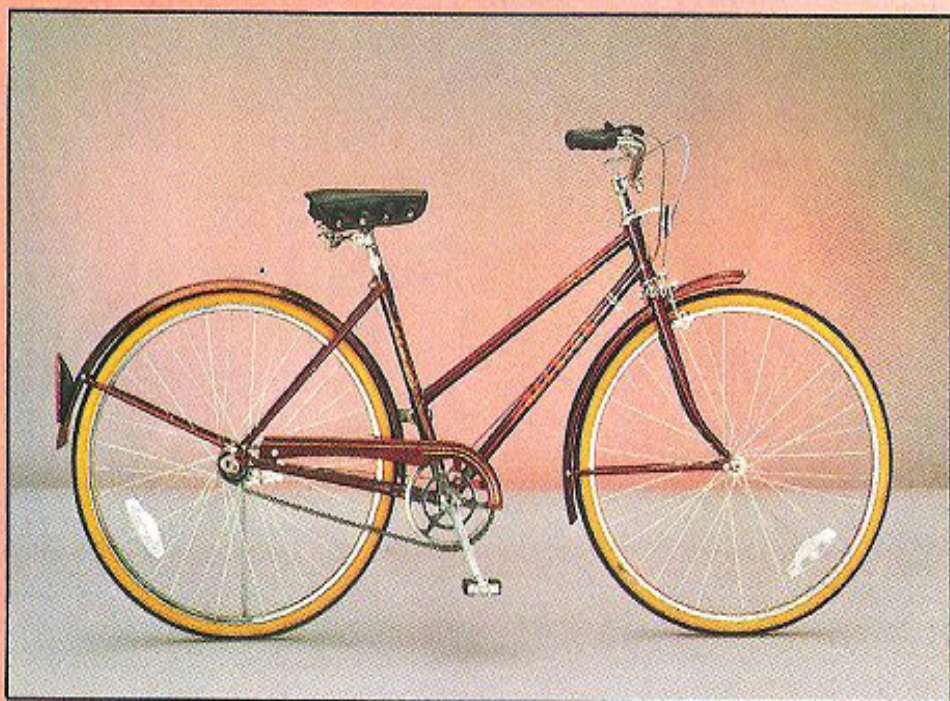

Protective clear coat for long lasting beauty.

Men's sizes: 21", 23".

Ladies' sizes: 17", 19".

Color: Plum.

**WOMEN'S 3 SPEED**

# **SPORT**

# Raleigh® BMX

Hot freestyle frame with dual top tubes with the "rad steppin'" platform for the beginning freestyle rider.

## QUICKSILVER

Beginning freestyle frame with dual top tubes and chrome-moly main tubes.

Raleigh design bars have a powerful crescent swept design.

Interchangeable chainring for fast gear modifications.

Colors: Fierra Red and Satin Black.

100% double-buttressed chrome-moly frame and fork for high performance.

Araya 7X rims, built tough to thrash.

Raleigh design freestyle handlebars put the power in the crescent crosstube.

SR plastic Bear Trap pedals don't take a beating from anyone.

Two-tone graphics featuring cool neon green and gnarley chrome.

Front and rear handbrakes keep the control in your hands.

◆◆  
Give the pavement a pounding when you show off your style on the newest street-rods from Raleigh.

## STOKIN'

## R-10

◆  
A tough steel frame for kids who like it tough.

Two-piece matching pad kit is included.

Heavy-duty, 36-hole rims with 12-gauge spokes that will handle even the toughest BMXer.

The Raleigh® unidirectional tires will grab anything you land your R10 on.

Of course, the frame has a lifetime warranty.

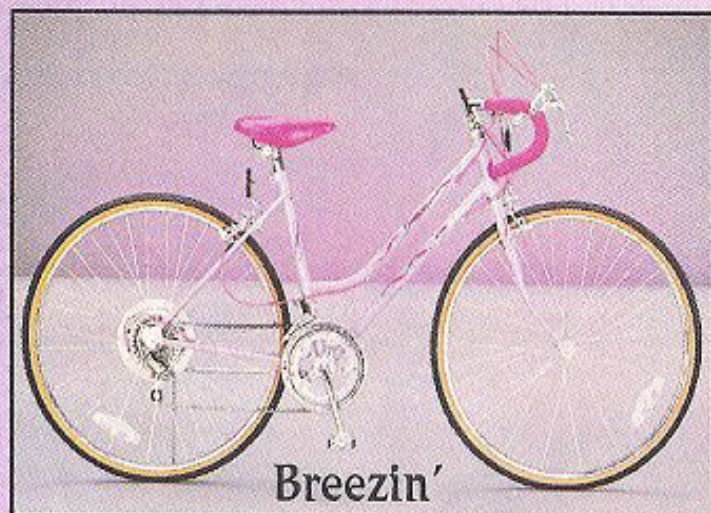

Color: Royal Blue.

## Youth Action

Their eyes will light up when they see their new Youth Action bicycle from Raleigh. And you will have the

comfort of knowing that Raleigh is with your children all the way providing safe, sturdy, and reliable products.

 Shimano derailleurs and shifters make the Breezin' easy for any child to shift.

The extension levers and cushion grips allow many different riding positions.

The 17" frame (26 x 1-3/8 wheel size) is designed just for the smaller girl.

The kickstand is built-in. 

Girl's size: 17". Color: Lilac

 There is never a rainy day with the Raleigh® Splash with the matching purple and pink fenders and full wraparound chainguard.

You always feel safe with the Shimano coaster brake and small-size handlebars.

The Splash is outfitted with a basket and streamers.

 And remember, the kickstand is built-in.

Size: 20" hi-rise. Color: Petunia Purple.

 This Raleigh favorite is painted in a special way: with the two-tone paint that goes from pink to gray.

Bushels of "strawberries" are wrapped around the wraparound chain guard.

## Wild Strawberry

 The adjustable polo saddle will let your little Wild Strawberry grow too.

The Wild Strawberry already has a kickstand.

Size: 20" hi-rise

Colors: Frost Pink and Gray.

Stabilizer

The perfect high quality starter bicycle that will fit the little cyclist.

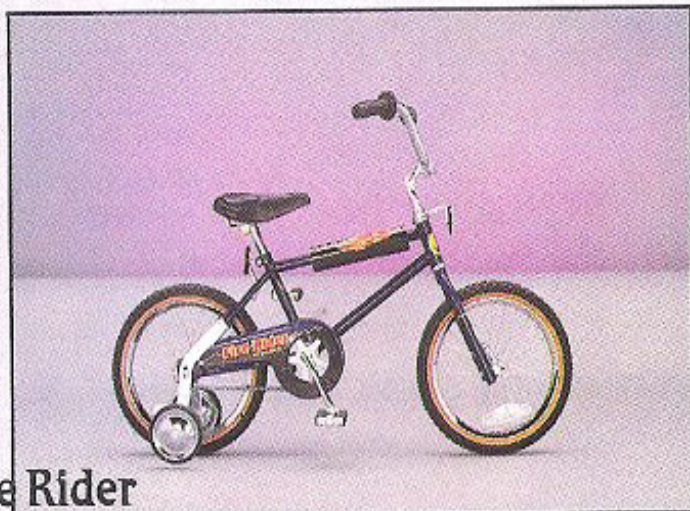

Twelve-inch, semi-pneumatic tires for long life.

Training wheels are of course necessary for the starting rider, and they are included.

The fenders are chrome plated for a long lasting polish.

Size: 10" frame, 12" wheel

Color: Fierra Red 

Fire Rider

Tough Shimano coaster brake with a wraparound chainguard for safe riding.

Training wheels are included. 

Pads are included on the handlebar and top tube.

Size: 10" frame, 16" wheel.

Color: Royal Blue

Zoo-Ga-Roo

Honey Bear

Raleigh designed the Honey Bear so children may ride without a care. 

The Honey Bear has training wheels to make even the first ride easy.

The 11" frame lets the smallest rider climb on easily.

Size: 16" hi-rise.

Color: Rosebloom.

Training wheels help the first-time rider get away from the tricycle. Handlebar pad is included.

Real bearing bottom bracket, coaster brake, and headset make the Zoo-ga-roo an excellent value. 

Size: 10" frame, 12" wheel. Color: Mulberry.

Fun and fantasy in a 12" bike that can be converted into boys' or girls' bike.

The Zoo-ga-roo has tough mag wheels to last a long time.
